SHRIMAD
RAJCHANDRAJI
Over 150 years ago, an upholder and uplifter of Lord Mahavir's universal path, a divine seer, a self-realised saint, spirituality incarnate, literary genius, demystified the path to self-discovery – Shrimad Rajchandraji. Honoured as the spiritual guide of Mahatma Gandhi, Shrimad Rajchandraji had a tremendous influence on the Father of the Nation.
"SUCH WAS THE MAN WHO CAPTIVATED MY HEART IN RELIGIOUS MATTERS AS NO OTHER MAN HAS TILL NOW."
– MAHATMA GANDHI, MODERN REVIEW, JUNE 1930

# PUJYA GURUDEVSHRI RAKESHJI

**An enlightened master, spiritual visionary, modern-day mystic, humanitarian leader and ardent devotee of Shrimad Rajchandraji. He is the founder of Shrimad Rajchandra Mission Dharampur.**

**Blending theory with experience and the head with the heart, Pujya Gurudevshri provides powerful and practical tools to joyfully tread the journey inward. His mastery of the spiritual principles, illuminating wisdom, pure love, rationality, oratory flair and sparkling wit, captivate people of any age or background.**

**Transforming millions globally, inspiring humanity to seek self-realisation, Pujya Gurudevshri is a 21st century spiritual force, while remaining unmoved Himself - the unmoved mover.**

BY HELPING ONE PERSON,
YOU WILL NOT BE ABLE TO CHANGE
THE WHOLE WORLD,
BUT SURELY, YOU WILL CHANGE
HIS WHOLE WORLD!

- PUJYA GURUDEVSHRI RAKESHJI

# SHRIMAD RAJCHANDRA LOVE AND CARE

## INTRODUCTION

Shrimad Rajchandra Love and Care is an initiative of Shrimad Rajchandra Mission Dharampur to offer service and bring joy to the lives of the underserved sections of society. Inspired by Shrimad Rajchandraji and guided by Pujya Gurudevshri Rakeshji, Shrimad Rajchandra Love and Care's (SRLC) holistic, multi-pronged community support and development programmes are powered by genuine empathy, love, and care from highly motivated volunteers. Shrimad Rajchandra Love and Care constantly endeavours to deliver high-quality, charitable and sustainable initiatives for the welfare of humankind, animals and the environment.

## PHILOSOPHY

As one turns within, the natural outcome is to extend oneself through selflessly serving others.

When there is love within, it flows naturally in the form of care.

We serve and bring joy to those in need, not because 'we have to', or 'it is our duty', but because 'we love to'.

We all have the potential to make a difference, which in turn fills our lives with happiness and contentment.

As we add meaning to the lives of others, they, in the process, end up adding meaning to ours.

"I express my heartfelt respect towards the great spiritual tradition at Shrimad Rajchandra Ashram. Walking on the path marked by Shrimad Rajchandraji's Footsteps, Revered Gurudevshri Rakeshji has done unprecedented work in the spiritual field. He has dedicated His life to leading humanity towards peace and harmony and His noble work is a great contribution to the welfare of humanity. With more than 200 centres worldwide, this organisation not only enables individuals to gain knowledge and make their lives meaningful but also spreads this knowledge to the entire humanity. I cherish this sentiment."

– SHRIMATI DROUPADI MURMU,
HON'BLE PRESIDENT OF INDIA

Hon'ble President of India, Smt Droupadi Murmu visited the sacred environs of the Ashram in the august presence of Pujya Gurudevshri in February-2024 along with Hon'ble Governor of Gujarat, Shri Acharya Devvrat and prominent ministers

"Shrimad Rajchandra Memorial is enlightening in itself. Such was the greatness of Shrimad Rajchandraji that He has inspired both the Father of the Nation Mahatma Gandhi and Prime Minister Narendra Modi." (2023)

PROGRAMMES
VIKLANG CENTRE FOR THE PHYSICALLY CHALLENGED
Shrimad Rajchandra Viklang Centre is a child friendly advanced treatment centre for the specially abled. With the aim of making Valsad district disability-free, it offers holistic rehabilitation services for the physically challenged.
HEALTH AWARENESS AND EDUCATION
An initiative to impart health awareness on subjects such as hygiene, immunisation, nutrition, etc through the medium of posters, models, presentations and interactive games amongst rural communities.
PREVENTIVE CARE PROGRAMME
Through this programme, regular health surveys and sessions are conducted in remote areas. Those suspected to be suffering from diseases are shortlisted for further diagnosis at the hospital.
MEDICAL CAMPS
Large-scale multi-diagnostic camps are conducted for the rural population on a regular basis to diagnose and treat a variety of ailments. These camps have also been conducted in Dorbhanga, Vavania and Nairobi. Medical specialists from cities across India as well as from the USA and UK, treat patients free of charge.

THE NEED FOR MEDICAL OUTREACH IN INDIA
India's healthcare system grapples with a doctor-population ratio of 1:1456*, significantly exceeding the WHO's recommended 1:1000. In this context, medical camps play a vital role in bridging the gap, offering essential healthcare services to underserved populations. By bringing doctors and medical resources directly to communities, these camps help mitigate the impact of the doctor shortage and improve access to care, especially in rural and remote areas.
SHRIMAD RAJCHANDRA LOVE AND CARE ADDRESSES THE NEED OF GENUINE COMPREHENSIVE CARE THROUGH MEDICAL CAMPS. THE AIM IS TO ADDRESS THE BELOW ISSUES OF THE UNDERSERVED SECTION
ACCESSIBILITY ISSUE
It has been observed that geographical barriers, poor infrastructure, and a shortage of healthcare professionals contribute to this lack of access
AFFORDABILITY CHALLENGES
Many individuals in India, particularly those from low-income backgrounds, struggle to afford essential healthcare services
PREVENTIVE HEALTHCARE
Early detection and intervention can significantly improve health outcomes and reduce the burden of chronic diseases
PUBLIC HEALTH CONCERNS
India faces various public health challenges, including infectious diseases, malnutrition, and inadequate sanitation.
MOCKUPS

OUR JOURNEY: FROM CONCEPT TO IMPACT
For twenty years, Shrimad Rajchandra Love and Care's vision has been to extend essential healthcare to every individual, even in the most remote locations. SRLC embarked on this journey through medical outreach, aiming to provide comprehensive care without financial burden. Reaching inaccessible tribal zones with free or subsidised services has been an incredible testament to this commitment.

# TRANSFORMATIVE OUTCOMES

## 1 DARBHANGA:

### Saurabh Tyagi, 40-year-old

was struggling with immobility due to a bilateral hip joint deformity, received critical medical assistance facilitated by the medical camp organised by Shrimad Rajchandra Love and Care in Darbhanga. Subsequently, he underwent successful bilateral hip joint replacement surgery at Shrimad Rajchandra Hospital and following a course of physiotherapy, regained independent mobility and the ability to perform daily activities within three months. This highlights the impactful role of the SRLC medical camp in providing essential medical support to underserved individuals.

## 2 DARBHANGA:

### Ajit Kumar, 34-year-old

man suffered a leg fracture in an accident years prior and was treated with an Illizarov fixator. Due to financial constraints, the fixator was not detached for a year, leading to a severe infection spreading to his bone and muscles. Examined at a SRLC medical camp, he received urgent surgical intervention, including wound debridement and fixator removal, at Sjkt. He has regained full mobility since then.

## 3 DARBHANGA:

### Birendra Jha, 45-year-old

suffering from recurrent epileptic seizures despite medication, was examined at a SRLC medical camp. An MRI, recommended at the camp, revealed neurological issues. Following a video consultation and further tests at Shrimad Rajchandra Hospital, his medication was adjusted, resulting in seizure control.

5k
High resolution

## 4 VAVANIA:

### Vasant Bavarva, 56-year-old

diagnosed with oral cancer due to tobacco use during examination at a mega medical camp. Vasant received free, life-saving surgery at Mangalam Hospital to remove the tumor and reconstruct his mouth. The medical camp's crucial role in early detection facilitated this timely intervention and prevented cancer spread. This case underscores the importance of such camps in providing access to critical healthcare.

# OPERATIONAL FRAMEWORK

## Camp Planning

Over a period of 6+ months, the camps are planned and executed efficiently.

Ideation:
- Finalising medical camp dates for the following year.
- Setting up the planning committee.
- Delegating tasks.

Operation Planning:
- Learning from the last camp and reviewing discussed points.
- Discussing the operational plan for the next camp.
- Resources requirement and planning

Detailed Segment Wise Planning:
- Allocating resources and meeting segment-wise for fluidity in operations.
- Concentrating more on beneficiary experience and operational efficiency.

Network and Collaborations:
- Partnering with local CBOs and NGOs for increasing the awareness for camp dates and facilities to benefit the maximum number of beneficiaries.
- Coordinating with partners to discuss camp operations.

Innovation:
- Managing patient information through IT support.
- Collaborating for volunteering and establishing volunteer management committees.
- Mobilising resources and fundraising

Awareness:
Raising awareness for the camp through pamphlets, social media, main media, word of mouth, SRLC outreach, and partnerships.

Celebrating Impact:
- Conducting a detailed review of the camp and its challenges.
- Celebrating the innovations and successes of the camp.
- Measuring the impact and discussing next steps.

Continuing on Excellence:
- Committing to continual learning and unlearning towards social causes.
- Building in-house resources and capacity for improvement.

# UNIQUE ASPECTS OF SRLC MEDICAL CAMPS

## Outreach and Community engagement and Collaboration

A month of dedicated fieldwork with the invaluable support of over thousands of village health workers from NGO partners, CBOs and SRLC's Outreach teams, door-to-door outreach and awareness sessions helps reach lakhs of individuals across hundreds of tribal and underprivileged hamlets in the region.

## Technology enabled Camp

The IT-enabled camp streamlined operations with an advanced registration system, tracking patient data from initial screenings to diagnostics, treatment, and follow-ups.
The entire camp has technology backbone to increase the turnaround time for each patient, completeness of records, lesser dependence on paperwork.

## Follow-up Care for Complex and Long term treatment

Those patients identified for major surgeries, such as hip or knee replacements, paediatric cardiac surgeries, emergency bypass surgeries, neurosurgeries, and complex cancer treatments, are either immediately admitted to the hospital or scheduled for follow-up surgeries. Many doctors generously offer to return and perform these surgeries free of cost, showcasing their commitment to ongoing care.

## Accessibility and Transportation

To ensure accessibility, vehicles are daily arranged to transport ~~Patients~~free of cost of cost from remote areas delivering end to end support.

# VISION 2025-2027:
## BRIDGING INDIA'S HEALTHCARE DIVIDE

### A Future Where Healthcare Reaches Every Corner of India.

**The Challenge:**

Millions across India, particularly in underserved states and districts, lack access to essential healthcare. This disparity creates a significant gap, impacting the well-being and potential of our nation.

**Our Strategy:**

To establish a pan-India network of comprehensive healthcare initiatives, reaching every state and district where healthcare facilities are critically lacking. We envision a future where geographical and socioeconomic barriers no longer impede access to quality medical care.

**Our Commitment:**

We are dedicated to realizing this vision, working tirelessly to bridge the healthcare divide and create a healthier future for all Indians.

## Our Approach

01 **Strategic Expansion**
We will identify and prioritise regions with the most acute healthcare shortages, utilising data-driven analysis to guide our expansion.

02 **Comprehensive Healthcare Delivery**
Our approach will encompass preventative care, diagnostic services, specialised treatments, and post-operative support, ensuring holistic patient well-being.

03 **Leveraging Technology**
We will integrate telemedicine, mobile health clinics, and digital platforms to overcome geographical limitations and enhance accessibility.

04 **Community Empowerment**
We will collaborate with local communities, training healthcare workers and empowering individuals to take ownership of their health.

05 **Imperative government sponsorship and partnerships**
are crucial for aligning with national policies, securing necessary funding, and integrating with existing infrastructure, ensuring sustainable and impactful healthcare delivery across India's underserved regions.

06 **Sustainable Infrastructure:**
We will invest in developing sustainable healthcare infrastructure, including hospitals, clinics, and diagnostic centers, in underserved areas.

07 **Building on Proven Success:**
Building on the proven model of successful ventures like those in Dadarpur, Dhoompur, and Virunga, where we have treated 5.6 lakh individuals, empowered 1 lakh individuals through treatment to over 1 lakh, we aim to replicate and scale this impact across the nation.

### Impact

**5K** high resolution

Reduced morbidity and mobility rates in underserved regions.

Improved quality of life and increased productivity among vulnerable populations.

Strengthened healthcare infrastructure across India.

Empowered communities equipped to manage their health.
